¹APPLICANT STATEMENT AND SELF-EVALUATION: This would normally be the last item the applicant prepares before submitting the file to the department chair. This letter should clearly state the applicant's qualifications for tenure and/or promotion and focus attention on the unique strengths and credentials of the applicant, and should stress the activities and accomplishments of the applicant since the last review. The applicant should recognize that members of the various committees might not be entirely familiar with the applicant's field. It is to the advantage of the applicant to explain the significance of his/her contributions or accomplishments. An applicant might, for example, comment on the relative importance of an exhibit in a gallery or on the professional reputation of a journal which features the applicant's work. A new statement must be prepared each year that the applicant is considered for review. This is also an opportunity for the candidate to state how any improvements recommended during the last review have been addressed.

²FACULTY PROFESSIONAL GROWTH PLAN: This item is largely OPTIONAL except for first-year 07-08 tenure-track faculty when it becomes required. The purpose of the professional development plan is to help ensure that the faculty member, the department and the Dean have a congruent understanding of the nature of a faculty member's responsibilities and the general level of performance expected in the three areas of review. The professional development plan is not a contract: achieving all of the stated goals does not in and of itself guarantee a faculty member tenure or promotion, nor does deviation from the plan in and of itself justify action against the faculty member. The professional development plan covers six years to be updated yearly, so that by the sixth year final review the professional development plan will cover the six years after the candidate receives tenure, if tenure is granted. First year tenure-track faculty will need to develop and submit a written professional development plan in consultation with their department chair and mentor. Deans will review these professional development plans, and work with tenure-track faculty and chair on any revisions the Dean deems necessary. The professional development plan should cover all three areas of review (Teaching Effectiveness, Professional Achievement, and Service), and correspond to the department's Basic Performance Criteria for tenure and promotion.

³CHAIR AND PEER REVIEWS / ASSESSMENTS: Statements from the chair or colleagues who have systematically observed classroom teaching or reviewed the applicant's classroom materials, e.g., course syllabi, assignments, tests, etc. This statement may be contained in a letter or standardized form by the department/college. This item is highly recommended but not required unless mandated by a departmental and/or college policy.

EXTERNAL REVIEWS / ASSESSMENTS: This item is optional unless mandated by a departmental and/or college policy. Guidelines for external reviews will be disseminated later on.
